DIRECTIONS TO NETL

Morgantown is located approximately 75 miles south of Pittsburgh, a 1-1/2 hour drive from the Pittsburgh International Airport. Travelers should fly into the Pittsburgh International Airport and then drive to Morgantown or take a commuter flight from Pittsburgh to Morgantown.

From I-79, exit at the Star City Interchange (Exit 155). Following signs to Star City, bear right at the first traffic light onto Rts. 7 and 19 (Monongahela Boulevard). Continue through second light (after bridge) and keep left up the hill to the third traffic light (WVU Coliseum will be on your right). From the left lane, make a left onto Patteson Drive. Remain in the left lane of Patteson Drive and make a left onto University Avenue at the second traffic light. At the intersection of University Avenue and Collins Ferry Road (a "Y"), veer to the right. Follow Collins Ferry Road until you reach the National Energy Technology Laboratory on the right.

Those traveling from Route 68 should continue to I-79 North, take Exit 155, and follow the directions above.
